Data Analyst specializing in financial and operational analytics. Combines 10+ years of experience across engineering, finance, and data analysis with expertise in **SQL**, **Power BI**, **Excel**, and **Python**. Develops dashboards, ETL pipelines, and KPI reporting solutions that transform 120K+ records into actionable financial and operational insights.

TECHNICAL SKILLS

- **Tools:** Power BI (DAX, Modeling), Tableau, Excel (Advanced Formulas/Macros), Power Query, Power Pivot.
- **Languages:** SQL (PostgreSQL), Python (Pandas, NumPy, Matplotlib, Seaborn).
- **Analytics:** ETL, EDA, Data Modeling, Star Schema, KPI Design, Statistical Analysis.
- **Business Skills:** Business Analysis, Data Storytelling, Stakeholder Management.

SELECTED PROJECTS

Order Fulfillment Performance & Revenue Risk Analysis | SQL, PostgreSQL, Power BI, DAX

- Created an analytics solution for 99K+ orders, identifying **$423.8K in at-risk revenue**.
- Developed dashboards to track delivery performance and trends for **32K+ SKUs**.
- Analyzed regional fulfillment patterns to pinpoint areas with **10.19% revenue at risk**.

Amazon Marketplace Fulfillment & Revenue Realization Analysis | Python, Pandas, Tableau

- Engineered a Python data pipeline to process **120K+** records, identifying **~$57.9M INR** in unrealized revenue, representing ~70% of total revenue.
- Designed 3 interactive Tableau dashboards to monitor order-to-cash cycles, pinpointing bottlenecks causing **13.8% cancellation rate**.
- Identified **12.6% of low-rotation SKUs** to support inventory optimization and reduce unnecessary holding costs.

Sales & Customer Performance Intelligence Suite | Excel, Power Query, Power Pivot, DAX

- Built an integrated BI solution combining sales, customer, and workforce data across 5 distinct datasets.
- Created 4 interactive dashboards tracking **$62M+ in revenue**, **701 customers**, and **290 employees**.
- Applied Pareto analysis to identify key business drivers, revealing that **13.5% of SKUs generated 80% of gross profit** and **26.95% of customers drove 80% of total revenue**.

PROFESSIONAL EXPERIENCE

Data Analyst – Financial & Operational Analytics **Sep 2023 – Present**
Madan Karan Setareh Malek Zamin | Kerman, Iran

- Built Excel & Power BI dashboards to track attendance and site expenses, cutting manual reporting time by **approximately 40%**.
- Integrated payroll and service-cost data **across 3 sites**, improving visibility into shift-level cost efficiency.
- Monitored KPIs for 3 exploration sites and collaborated with operations and finance stakeholders to support workforce planning and cost-efficiency decisions.

Independent Data Analyst (Project-Based Contract) **Nov 2024 – Dec 2024**
Ashpazbashi Food Group | Kerman, Iran

- Analyzed **25,000+ sales records** over 5 months to evaluate performance, demand, and ordering patterns across weekdays/weekends.
- Applied Pareto analysis on an 85-item menu, revealing that **16.3% of products generated 80% of profit**, supporting the removal of **12 low-margin items**.

- Recommended a **25% increase in production volume** for top-selling items during peak periods, based on optimized inventory and demand forecasting.

Technical Office Supervisor & Structural Design Engineer (Project-Based) **Apr 2016 – Aug 2023**
Engineering Design Office No.1182 | Kerman, Iran

- Executed structural modeling and analysis for **30,000+ m² of building projects**, ensuring compliance with seismic design standards and project requirements.
- Managed **100+ engineering datasets**, technical documentation, and project records for multiple structural design projects.

Adjunct Lecturer (Part-Time) **Jan 2012 – Jun 2017**
Mehravaran Institute of Higher Education & Sama Technical College | Kerman, Iran

- Instructed **200+ students** in structural engineering, distilling complex quantitative concepts into accessible, logic-based lessons.

Financial Specialist **Nov 2012 – Apr 2019**
Parandeh Sefid Travel Agency | Kerman, Iran

- Streamlined cash flow monitoring and financial reporting, reducing reconciliation discrepancies by **15%** within 6 months.
